2 What do we use your information for?

The information collected, as described above, is used solely to perform administration services for the HOA members.

3 How do we protect your information?

We implement a variety of security measures to maintain the safety of your personal data:

3.1 Encrypted Transmission: Your password and sensitive data are transmitted using SSL encryption technology.

3.2 Secure Browsing: All information accessed online is protected via advanced encryption protocols to ensure data integrity and privacy.

It ensures data privacy, authentication, and integrity, commonly identified by "HTTPS" and a padlock icon in the browser address bar.
